RAYMOND JAMES FINANCIAL REPORTS OCTOBER 2021 OPERATING DATA

ST. PETERSBURG, Fla. - Raymond James Financial, Inc. (NYSE: RJF) today reported selected operating data for October 2021, in an effort to provide timely information to investors about general trends in our major business segments. Due to the limited nature of this data, a consistent correlation to earnings should not be assumed.

Record client assets under administration of \$1.23 trillion increased 33% over October 2020 and 4% over September 2021. Record financial assets under management of \$199.3 billion increased 32% over October 2020 and 4% over September 2021. The increase of client assets was driven by equity market appreciation and the net addition of financial advisors in the Private Client Group.

“Financial advisor recruiting activity is robust across our multiple affiliation options,” said Chairman and CEO Paul Reilly. “Additionally, investment banking pipelines remain strong.”

Record net loans at Raymond James Bank of \$25.4 billion increased 18% over October 2020 and 2% over September 2021.

Record clients’ domestic cash sweep balances of \$66.8 billion increased 17% over October 2020 and were flat compared to September 2021.
