## RAYMOND JAMES FINANCIAL REPORTS JULY 2024 OPERATING DATA

ST. PETERSBURG, Fla. - Raymond James Financial, Inc. (NYSE: RJF) today reported selected operating data for July 2024, in an effort to provide timely information to investors about monthly developments in certain key performance metrics. Due to the limited nature of this data, a consistent correlation to earnings should not be assumed.

“Record client assets under administration of \$1.50 trillion were attributable to strong advisor retention and recruiting results as well as equity market appreciation,” said Chair and CEO Paul Reilly. “Clients’ domestic cash sweep and Enhanced Savings Program balances declined slightly from the preceding month, as cash inflows partially offset the impact of quarterly fee billings. Investment banking results improved in July, and the pipeline continues to be healthy, although the timing of closings remains uncertain.”
